

Educational 1-on-1 tutoring sessions

Private sessions in PQS, Photoshop, Digital Cameras, Display Calibration

At-A-Glance

Teaching basic to advanced techniques, 1-on1 Tutoring Sessions are Individually tailored one-hour sessions that will quickly move you through the complexity of digital imaging, giving you skills that can be put to immediate use. There's a lot hiding under the hood of digital imaging that contributes to either exceptional quality work, or disappointing mistakes. Tutoring will move you miles ahead in your understanding of how digital works and provide practical information that will give you confidence in the quality of your digital photography and in the work produced from your digital files.

PQS

Pro Qualified Service Instruction

You don't need to be a professional photographer to use PQS, only to submit orders that meet the exacting specifications of PQS. Learn about the creative benefits of PQS, how to properly prepare orders for PQS and how to avoid PQS mistakes.

Photoshop

Learn basic to advanced techniques from our experienced Photoshop professionals. Individual one-hour sessions are tailored to each person's level of experience and learning goals. We cut through all the clutter and complexity to teach tools and techniques that can be put to immediate use.

Digital Camera Use

If you're new to using a digital camera the learning curve can seem daunting. Learn the basics of camera operation, best practices and common pitfalls to avoid. An hour spent with us will give you a solid foundation and the confidence to shoot, print, and be creative.

Display Calibration

Learn how to calibrate your display (monitor) so that your prints will match. This one hour tutoring session includes a 24-hour rental of our calibration equipment.
